

Majesco P&C Intelligent Core Suite

Embrace the Data and Digital Revolution with GenAI

In the ever-evolving P&C insurance market, insurers find that the bedrock of enduring success lies in harnessing data and analytics and taking a digital first approach. This isn't just a trend; it's the new currency fueling growth, innovation, and competitive advantage. Insurers are reimagining their strategies with laser focus on next-gen core, AI-powered data and analytics, including the transformative power of GenAI and digital capabilities to unlock today and tomorrow's potential.

Intelligent Integration, Unmatched Effectiveness

Majesco's next-gen **P&C Intelligent Core Suite** is a powerful platform to drive profitable growth, innovation, and operational superiority. It seamlessly combines content, embedded AI-driven data and analytics, and best practices to help insurers optimize, innovate,

and launch products faster, boosting productivity and customer satisfaction. Supercharged by Majesco Copilot, a powerful new assistant that transforms operations with cutting-edge Gen AI, the suite offers unparalleled benefits in productivity, decision-making, and user experience.

Drive Profitable Growth, Drive Innovation

Experience the power of our market-leading P&C Intelligent Core Suite, a native cloud powerhouse. With revolutionary advancements in GenAI, embedded data and analytics, and advanced capabilities, the platform optimizes business processes seamlessly from underwriting through issue, servicing, billing, and claims. Designed for market-leading business optimization and innovation, Majesco P&C Intelligent Core Suite propels your strategy and business operations to new heights in today's fast-paced, complex, and evolving marketplace.

Insight Driven

With access to all of your data from policy, billing, and claims, it provides a multi-level risk view for digitally optimized risk assessment and management powered by business intelligence.

Just in Time, Relevant Information

Leverage data and information at your fingertips at the exact moment you need it to streamline your business processes.

Seamless Integration

Pre-integrated with Majesco Loss Control and Digital solutions as well an ecosystem of data sources and innovative solutions.

Why Majesco?

1 Next-Gen Architecture Powered by GenAI

Harness the power of next-gen architecture with pre-integrated GenAI capabilities, native cloud, open APIs, headless technology, microservices and containerization, and embedded analytics utilizing Majesco Copilot to unlock growth and operational superiority to stay at the forefront of the competition.

2 Rapid Implementation

Supports personal, commercial, specialty and innovative lines of business with extensive ready-to-use content, templates, and pre-configured processes for all states with over 4,000 forms, 14,000 data fields and 40,000 rules.

3 Digital Prowess

Pre-integrated with Majesco Digital360 Solutions including Agent360, Customer360, Electronic Bill360 and Underwriter360 to deliver personalized and engaging user experiences to enhance engagement and drive business growth.

4 Leverage Ultimate Configurability

A highly configurable platform with automated Bureau rates, rules and forms monthly updates that provides business users and IT developers with new levels of visibility, agility, compliance, and speed in managing their insurance business processes.

5 AI-Powered Insurance Data Analytics

With embedded analytics you have access to all your policy, billing, and claims data to empower the business with robust dashboards, Property Intelligence and Subrogation Intelligence. Utilize Majesco Copilot, a Gen AI digital assistant, to accelerate customer servicing, operational processing, and a competitive edge.

“We are thrilled to offer our customers next-gen experiences and products on our new insurance platform across the entire operation from underwriting, policy, billing, claims in multiple lines of business. The MRSGNA and Majesco teams share a forward-thinking mindset with an emphasis on adopting best practices and scalable solutions that allowed us to extend capabilities and introduce new products quickly.”

Chris Skowronski

Chief Operating Officer,
Munich Re Specialty Group North America

“We are passionate about providing the best insurance experience for those we serve. Investing in next gen technology aligns with our strategy to constantly innovate and challenge the status quo. Our strategic partnership with Majesco will modernize our insurance platforms, transform our business operations, fuel growth for existing lines of business, and accelerate our ability to offer new products to address the risk and market demands of our customers.”

Matt Crum

President,
Frank Winston Crum Insurance
